

Gail Carpenter
President of the Board

I have served on the Board of Directors of the Creciente Condominium Association since 2003 and have been honored to be its President since 2007. Prior to being elected President by the Board, I served as Vice-President and also Co-Chaired the Building and Grounds Committee. My Board experience is not limited to the Creciente, as I have also had the opportunity to serve as a member and officer of several National Organizations.

I am a Registered Nurse by profession and worked as Head Nurse in a pediatric hospital in my hometown of Buffalo, New York. My husband Bob and I have owned at Creciente for over 30 years and have lived here full time since 2006.

In Buffalo, we bred and showed our championship Shelties at Westminster and other shows across the country. Occasionally we are still called upon to judge Sheltie competitions. You may have seen me walking our Sheltie, Bentley, around the property. That not only provides some exercise for both of us, but also allows me an excellent opportunity daily to assess the condition of our property.

I am proud of the progress that our Association has made in maintaining and improving the investment we all have made here. We are the envy of most associations on the beach and that is the result of a cooperative effort of the Board, staff and owners. I am committed to giving my time and effort tirelessly to maintain the high standards that have been established while staying fiscally responsible by keeping costs at a level that makes living at the Creciente affordable.

It gives me great pleasure to be a unit owner and member of the Board at the Creciente and I am pleased to be your neighbor.
